## EDUCATION

### INTEGRATED M.TECH(SOFTWARE ENGINEERING)

Vellore Institute of Technology

07/2019 - Present

CGPA, 7.65

### Higher secondary Education

Adhiyaman Matric Hr Sec School

06/2018 - 06/2019

percentage, 74.15

### Secondary School Leaving Certificate

Sishya Matric Hr Sec School

06/2016 - 06/2017

percentage, 89

## PERSONAL PROJECTS

### Skin cancer detection using CNN

- The project involves detecting skin cancer using machine learning algorithm, convolution neural network. It was build in python language.

### Car ordering Application

- The project involved building simple java application that facilitates the car ordering service. For front-end java swing was used and for back - end mysql was used to build this application

### Data leakage prevention system using hybrid cryptography

- A simple Java project that uses four different algorithm and put together into various combination to arrest data leakage.

### Heart health prediction using different classifier

- The project involves predicting heart health using different classifiers like Logistic Regression Algorithm and Random forest

## WORK EXPERIENCE

### Internship

NASSCOM(big data foundation)

05/2022 - 06/2022

Achievements/Tasks

- Certificate involves 2 months online course and tasks involved analyzing data using Mapreduce and Hadoop

## SKILLS

Java

C++

SQL

GIT

Data structure

Operating system

Algorithms

UI/UX

Python

HTML

CSS

Big Data

SDLC

Java Script

## PERSONAL SKILLS

Strategic Planning

Strong communication

Malleable

Engrossed

## CERTIFICATES

Diploma in computer application

CSC

HTML, CSS, Javascript

coursera

Coding Ninjas - 21 days challenge

coding ninjas

Human Resource Development

NPTEL

## LANGUAGES

Tamil

Native or Bilingual Proficiency

English

Full Professional Proficiency

## INTERESTS

Learning new things

Badminton

logical games

problem solving
